DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/25/2006 has been entered.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 3-16 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by EP 0275749 A1, Bronner.

In regards to claims 1 and 3-16, in Figures 1 and 3, Bronner discloses a coupling for a pipe, the coupling comprising: a housing of a relatively rigid plastics material, said housing having a bore therein; a retainer retaining said pipe within said housing when the pipe is pushed into the housing; and a layer of a relatively deformable material distinct from the retainer on at least a part of both an inner surface and an outer surface of said housing, wherein said layer deforms on said inner surface against an outside of

said pipe to form a sealing engagement, wherein said layer provides a tapering surface on said inner surface, wherein said layer includes a part formed on said outer surface on an external ledge of said housing to provide a seal with a cooperating member, and wherein said layer is continuous between said inner and outer surfaces.

Response to Arguments

Applicant's arguments with respect to claims above have been considered but are moot in view of the new ground(s) of rejection.
